

KITE QUILT DESCRIPTION

Very easy beginner quilt.

This strip quilt is made with multiple fabrics or fabric's in holiday theme or otherwise. A template is used to cut the Kites which will be available to purchase or use in class.

The sample shown can be either a table runner or a small quilt. **The directions here are for a sixteen block square quilt (which will finish approx.. 48x48). The table runner is with eight squares (finishes at pprox.. 23x41). Both have borders. The yardage for the table runner can be cut in half i.e. ½ to ¼ but the 1/8th remain the same, you will just have strips left.**
