**INSURANCE WAIVER AND ASSUMPTION OF LOSS**

Your homeowner’s or business insurance policy may already protect your entry. The Elk Grove Quilt Guild does not provide insurance protection against property damage, loss, or theft. The guild will handle the entries with great care and watch guests to prevent the public from handling them. Nevertheless, the guild cannot accept financial responsibility for anything that may happen to the property of the entrants. Therefore, the guild asks all entrants to sign the following statement to evidence their recognition and assumption of risk and return the completed form with the entry form.

By signing this statement as part of the entry form, I expressly agree to release the “Harvest of Quilts” organizers, Elk Grove Quilt Guild, and their respective agents, members, employees and affiliates from all liability for any loss, damage, theft, injury or destruction to any article entered by me in the “Harvest of Quilts” quilt show in Elk Grove, California. I understand and assume that I bear the risk of all uninsured loss to my own property and that it is up to me to properly insure my own property against any or all risks I choose to.

## Directions for adding a 4" hanging sleeve to a finished quilt.

Fabric for the hanging sleeve can be the same fabric used for the quilt back, muslin or whatever the quilter chooses:

1. Measure the width of the quilt (side to side).
2. Cut a strip of fabric 9" wide by the side to side measurement.
3. Hem the 9" ends of the fabric strip by folding under a 1/2", ironing, then folding and ironing again. Sew close to the edge of the hem.
4. Fold the fabric in half lengthwise, wrong sides together and sew the length of the fabric with a 1/2" seam allowance to create a sleeve.
5. Center the sleeve's lengthwise seam facing the quilt back and pin the top of the sleeve approximately 1" below the binding.\*
6. Blindstitch the top edge of the sleeve to the quilt back. To reduce the pull on the quilt back fabric, catch some of the batting in the stitches. Avoid stitching through the quilt top.
7. Allow for a slight outward pucker in the sleeve when pinning the bottom edge to the quilt back. This extra fullness on the sleeve will accommodate the rod and prevent a bulge on the front of the quilt when the quilt is hung.
8. Blindstitch the bottom edge of the sleeve to the quilt back. To reduce the pull on the quilt back fabric, catch some of the batting in the stitches. Avoid stitching through the quilt top.

\*Sleeves may also be sewn on between the quilt back and binding when the binding is sewn on.
